VISUAL IDENTITY SYSTEM

STARTUP EDITION · 2026

WHY WE EXIST

Technology should bring learning closer.

01

Clarity

Make complex ideas easier to approach.

02

Connection

Keep peers part of the learning process.

03

Curiosity

Support questions, exploration and practice.

CONTENTS

Everything Noveris needs to look like Noveris.

01 **Brand**
Positioning, voice, claims

02 **Identity**
Mark, lockups, clear space, misuse

03 **Foundations**
Colour, typography, grid

04 **System**
Components and Nardouch

05 **Applications**
Feed, badges, flyer, stickers, posters

06 **Handoff**
Sources, scripts, formats

01

Brand

Noveris is an AI-powered peer learning companion. It brings course material, guided practice and peer discussion into one connected learning experience.

POSITIONING & VOICE

A capable study partner.

Clear, encouraging and grounded in the work learners actually do.

01

Make learning social

Peers explain ideas, compare approaches and solve problems together.

02

Guide with questions

Nardouch offers a hint or a question before a full explanation.

03

Show real progress

Progress reflects completed work. Examples are labelled as illustrative.

VOICE IN PRACTICE

“What have you tried so far? Compare your approach with a peer.”

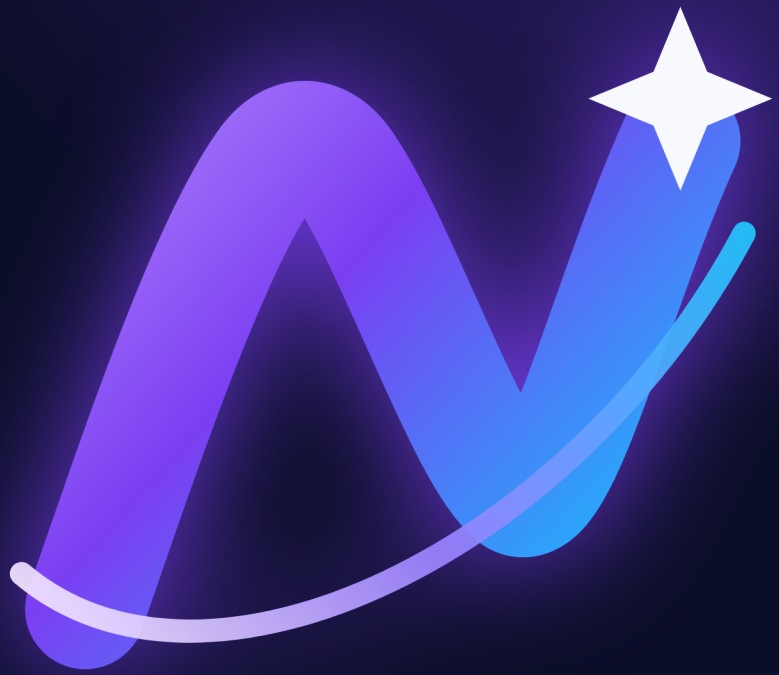
WE SAY

Direct verbs. One clear next step. English, French and Darija, with room for code-switching.

WE NEVER

Invent customers, results, partnerships, prices or release dates.

02



Identity

A continuous N stroke rises toward a star, with an orbit crossing the mark.
The wordmark is set in Sora Bold.

THE MARK

One mark, four ways to use it.

Primary lockup · dark grounds

Light grounds

One colour

CLEAR SPACE & MISUSE

Give the mark room.

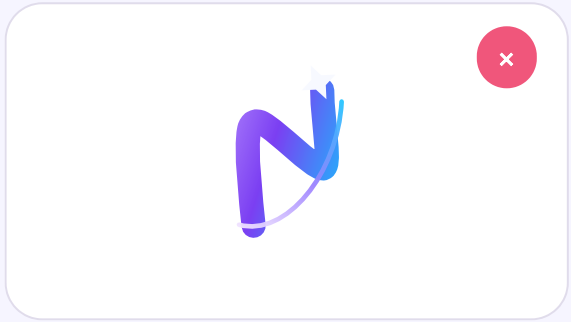
Keep at least half the symbol height clear on every side. Minimum size: 24 px digital, 12 mm print.

CLEAR SPACE

STRETCHED

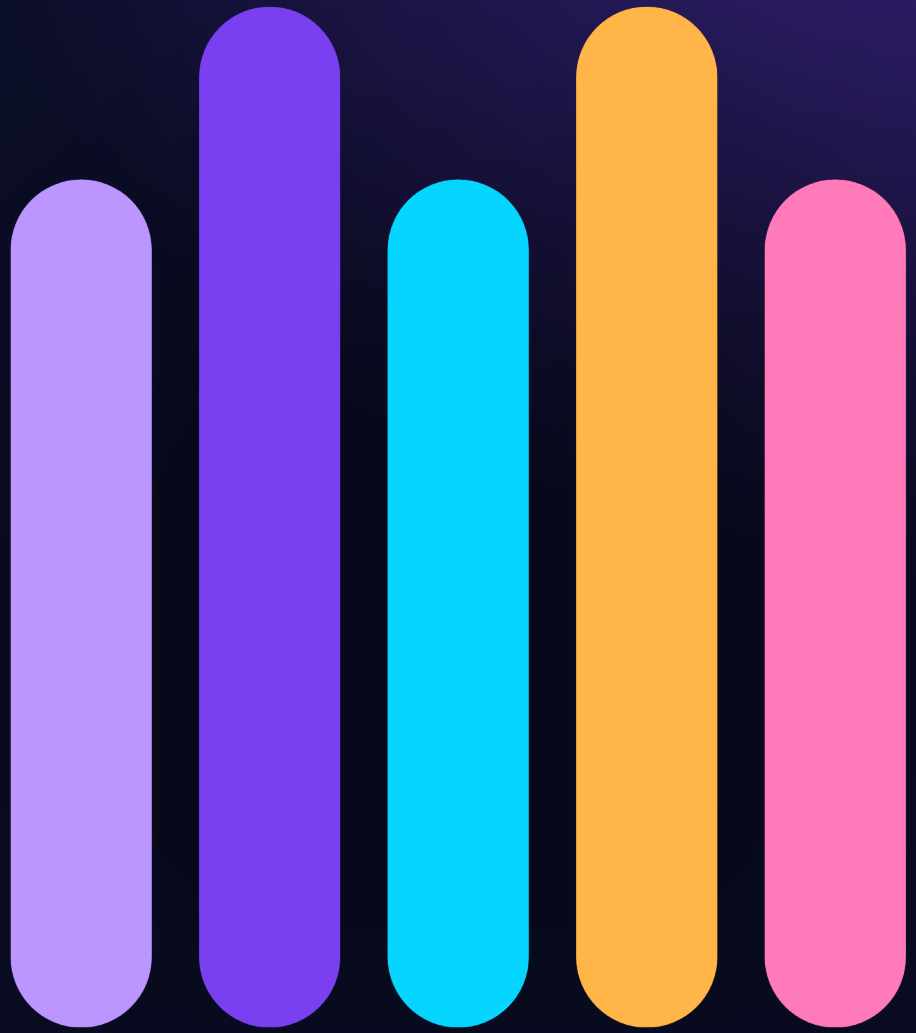
RECOLOURED

EFFECTS ADDED



ROTATED

03



Foundations

Colour, type and space are shared by the product, the feed and print.
Every value comes from design/tokens.mjs.

COLOUR

Colour with a purpose.

Night and Ink anchor the system. Violet carries identity and action; cyan, amber and pink mark progress and stages.

Night #0B1026	**Navy** #0B1A3C	**Ink** #10162D	**White** #F7F9FF	**Violet** #7B3FF2	**Violet Soft** #A987FF
Violet Light #BC96FF	**Cyan** #06D6FF	**Cyan Soft** #65E4FF	**Amber** #FFB547	**Pink** #FF7AB8	**Rose** #F0567B

Orbit
Mark, headline emphasis, progress

Action
CTA bars, buttons, badges

Divider
Active rules and progress

COLOUR IN CONTEXT

Same roles, two themes.

Assign tokens by role so dark and light keep the same hierarchy.

DARK / MARKETING

Learn together.

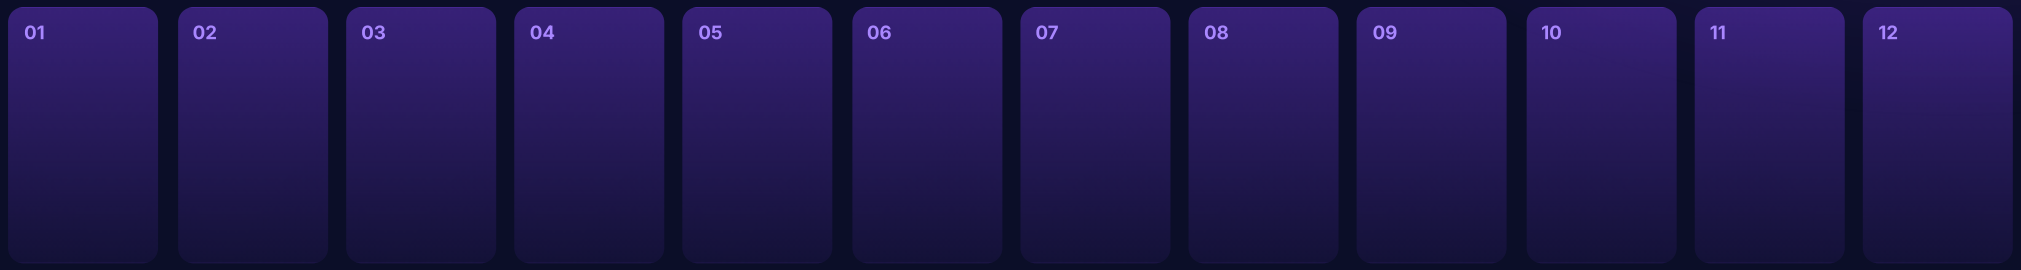
LAYOUT & SURFACES

Build on a grid.

Posts use a 64 px margin on a 1080 px canvas; reference boards use 72 px margins and 12 columns.



Spacing

4 8 12 16 24 32 48 64 96 120

Radius

8 12 16 22 28 36 pill

Atmosphere

Violet glow top-right, cyan glow bottom-left. Never behind small text. Elevation stays violet-tinted.

COMPONENTS

One action leads.

One primary action per surface. Chips describe, cards group, numerals sequence.

Explore the course-to-practice workflow. ↗

Hints | A clearer next step. | Questions | Examples | A way forward

01 Bring your material

02 Review the content

03 Learn and practise

“Why does this step work?”

NARDOUCH
“Let’s break it down. What changes if we try a simpler example?”

EN Let’s understand it.

FR Comprendre, ensemble.

DAR Nefhmou m3a baadhna.

NARDOUCH

Five stages. One companion.

Nardouch grows with the learner. Use the stage artwork and accent that match the learner's progress.

Finish & pass checks

Keep the original transparent artwork, proportions and stage tint. Mascot art does not certify knowledge or qualifications.

05

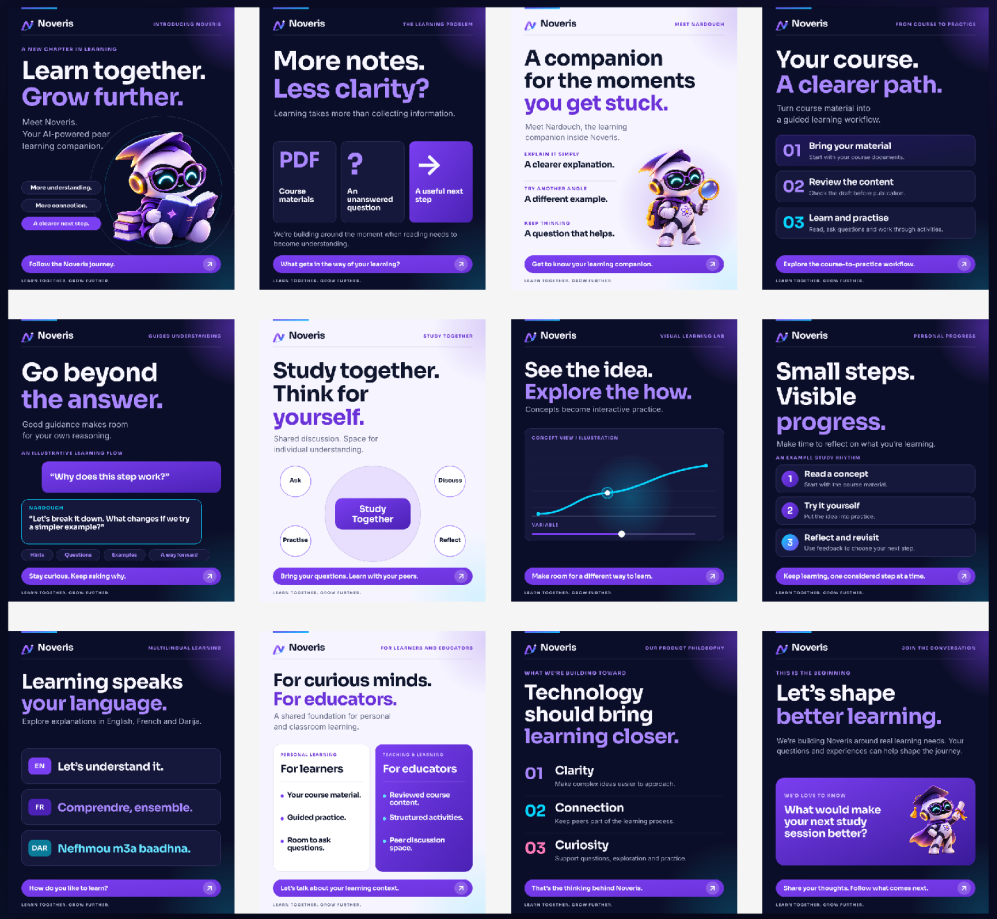
Applications

One system across the feed, team badges, the A5 flyer, stickers and A3 posters.

FEED

Twelve posts, one system.

Alternate dark and light grounds, one idea per post, always close with the call-to-action bar.



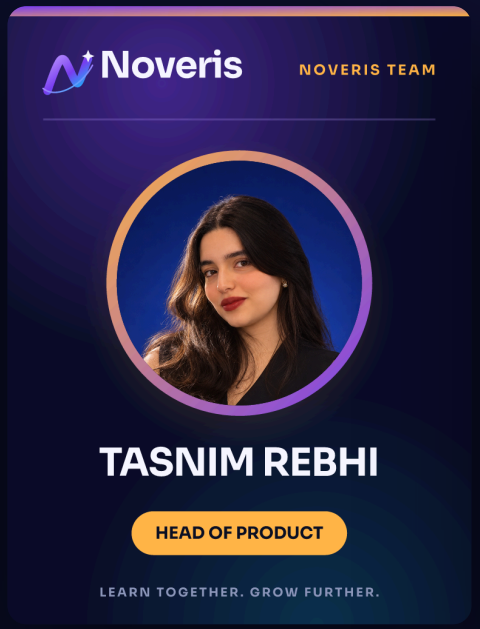
POST ANATOMY

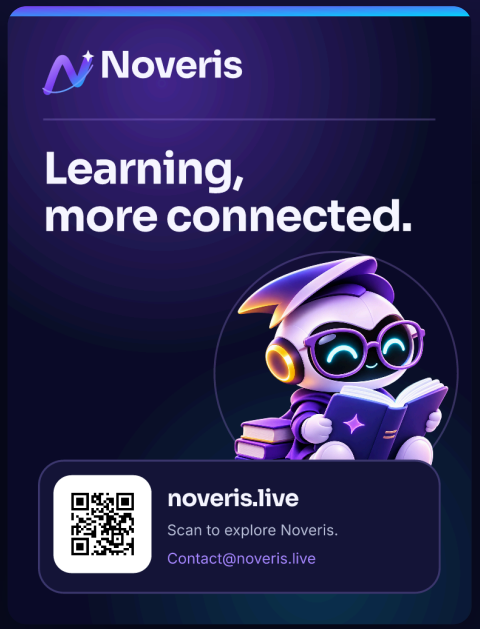
1080 × 1350, fully editable.

1. **Header**
   Logo, wordmark and a letter-spaced topic label over a hairline rule.
2. **Headline**
   Sora Bold 84–124 px. The last line takes the accent colour.
3. **Support**
   Inter 34–40 px. Break lines by hand to avoid orphans.
4. **Content**
   One component: steps, chat, graph, chips, panels or mascot.
5. **CTA bar**
   Gradient pill with an arrow disc, then the signature line.

TEAM BADGES

90 × 120 mm. One accent per person.





Violet Soft · CEO Cyan Soft · CTO Amber · Head of Product. Replace names, titles and photos only.

A5 FLYER

Front and back.

A framed QR call-to-action on the front; four numbered features on the back.

Noveris

YOUR PEER LEARNING COMPANION

Learning, more connected.

Bring course material, guided practice and peer discussion into one learning experience.

EXPLORE NOVERIS ↗

noveris.live

Contact@noveris.live

LEARN TOGETHER. GROW FURTHER.

Make room for understanding.

1 **LEARN WITH GUIDANCE**

Ask for a clearer explanation, explore a different example and work through a concept.

2 **THINK WITH PEERS**

Discuss ideas and questions, with space for individual practice and reflection.

3 **EXPLORE VISUALLY**

Approach concepts through interactive practice in Visual Learning Lab.

4 **FOR LEARNERS & EDUCATORS**

Personal learning and reviewed course content, connected by a shared learning foundation.

NOVERIS / LEARN TOGETHER. GROW FURTHER.

STICKERS

A little curiosity, everywhere.

Seven die-cut designs. Rounded shapes only; magenta cut guides ship as separate SVGs.

A3 POSTERS

Seen from across the room.

A large headline, a mascot or numbered steps, and a QR panel at the bottom.

HANDOFF

Start with the source.

The Figcraft file holds every template. Rebuild and export with these scripts.

Before you export

1. Match the frame to the channel.
2. Check logo clearance and text size at final output.
3. Replace placeholder contact details and test the QR code.
4. Confirm print profiles and cut contours with the vendor.
